CHIEF SECRETARIAT REVENUE BRANCH. Rs. 1410 247

From

J. BHORE, Esq., A.M.I.C.E., Etc.,

Chief Engineer of Mysore,

Bangalore.

To

B. Narayanaswamy Iyengar, Esq., B.A., B.L.,

General Secretary to Government,

Bangalore.

Subject:- Deviation of the Anantapur-Thirthahalli Road between miles 4/16 and 6/19 near Humcha.

Sir

I have the honour to state that, in January 1928, the inhabitants of Humcha village in the Nagar Taluk presented a petition to the Dewan requesting that the construction of the two bridges proposed across the Muniyurhalla on the Anantapur-Thirthahalli road be abandoned, and that the old road from Thirthahalli to Humchadakatte village through Sankarvalli, where there are no rivulets to cross, might be restored instead. A project for the deviation of the road was accordingly ordered to be prepared, and the plans and estimate amounting to Rs.12,700/- received from the Superintending Engineer, for the work are herewith forwarded for sanction.

2. The report accompanying the estimate explains the proposals. The cost of construction of the bridges is estimated at Rs.22,000/-, whereas the deviation of the road costs Rs.12,700 only. The latter scheme is thus not only less costly, but will also serve four important villages in the interior parts of the Malnad, through which the road passes.

3. The estimate has been countersigned by the President, District Board, Shimoga. A copy of the resolution of the District Board approving of the estimate and stating that the provision made out of Irrigation Cess Fund for the bridge may be

6)

utilised for this road, is herein enclosed.

4. It is reported by the Superintending Engineer that the President, District Board, has stated that the subject of maintaining the old road after deviation will be placed before the next District Board meeting and their resolution intimated in due course.

I have the honour to be,

S i r,

Your most obedient servant,

Sd/ Illegible 16.9.29

Chief Engineer of Mysore.
